Petition to Increase Cost of a General Hunting License

Petition summary and background	The Pennsylvania Game Commission has received 2 license increases in the last 23 years. Without adequate funding, they are unable to manage our wildlife resources. In 1985, the fee was increased to $12.50 and in 1999, it was increased to $20.00. With all the increased costs and mandates, the agency can no longer continue to function effectively without an increase in funding.
Action petitioned for	We, the undersigned, are concerned citizens who urge our Legislators to act now to increase the fee for a general hunting license. We request a minimum increase to $35.00 for a general license. We *support maintaining a strong and independent Game Commission. While we may not agree with all PGC decisions on wildlife management, we believe a license increase is needed to assure our wildlife is scientifically managed in the future*.
